Dear sir,

We are one of the resolution applicants for M/s Dream Procon Pvt Ltd. The last date of submission of the resolution plan was 07-Oct-2020.

We are actively studying the details provided in Information Memorandum. We are collecting information about the project from market as well. We understand that the company has had a complicated past and arranging information to make a fair bid is tedious task. Some external factors like slow pace of work due to covid, arrangement of funds for deposit, delay in receiving Information Memorandum have led us to a situation where we were not able to submit the resolution plan by the due date.

We request you to provide us at least 2 weeks extension for submission of the resolution plan.

We will be thankful to you.

Regards

Niranjay
